Hibbing Christian Assembly, 22nd Street & 2nd Avenue West

Striving for an atmosphere of love, mutual respect and frank open discussion within the area meeting.

Greetings from the Area Chair

I would like to take this opportunity to thank each of you for your vote of confidence in my ability to serve the area. I am looking forward to a year of growth and developing enthusiasm in building NA within the Northern Lights Area. My hope is that we will develop new ideas to continue with our primary purpose to “carry the message to the addict who still suffers.”

As I think back over the last three years of growth and change within the area we have been successful in remaining united and clearly focused. It is within our periods of change that we are offered our greatest opportunities. That is what we have been given this year an opportunity to remain united and strong. My challenge to each of you as we make decisions as an Area is to ask yourself two questions each time we hold a group consensus: 1) How does this fulfill our primary purpose? and 2) How does this decision affect our 12 Traditions? My plan as we go through this coming year is to be continually asking you these questions. These are the two things that should be the center of all decisions made at the area level.

I have asked all GSR's and GSRA's to invite their groups to be part of the agenda building process for the area meetings. I want to also take this opportunity to once again extend this invitation to all addicts with in the area. If there is anything this area needs to address please do not hesitate to contact me. I believe that it is important for me to keep the lines of communication open to all of you. This is your area; all addicts need to be involved in order for NA to continue growing. We are the only ones who can assure that NA will be here for the next generations of addicts. I look forward to seeing all of you at the next area meeting.

In Loving Service
Bryan J

Working with others is only the beginning of service work. NA service allows us to spend much of our time directly helping suffering addicts, as well as ensuring that Narcotics Anonymous itself survives. This way we keep what we have by giving it away.
