SPECIAL NOTE

At the our last meeting, Jitterbug brought to our Area the knowledge that during her vacation abroad, she learned that there is no NA meeting in the entire country of Morocco. While she was there, she meet a fellow recovering addict that was eager to begin a meeting in his town of Marrakech, Morocco, but did not the resources to do so. So, we, all of us – each individual member and group and as the Northern Lights Area of Narcotics Anonymous, have donated the money to purchase literature in both languages spoken and the funds needed to ship them to Morocco. This is only possible by the contributions made by each of us addicts. We are truly carrying the message to the addict that still suffers!!!

See you there.....
