

Narcotics Anonymous®

To: Port Rehabilitation Half-Way House

From: Friday Night NA Meeting

Re: New Meeting Location and an Invitation to your Clients

The Friday Night NA group has recently secured the Central Hillside Community Center (CHCC) to conduct its weekly meeting. This makes us very happy since our goal is to be able to reach as many people as possible and this location allows us to do just that.

Location: Corner of Lake Ave and West 4th Street
When: Friday, April 2nd, will be our first night at this location
Time: Doors open at 7:30, meeting starts at 8:00 and ends at approximately 9:30

We would like to extend our welcome to the clients at your facility and encourage them to join us at our new location.

If you have any questions please feel free to call our meeting contact Sheila @ 218-391-7698.

Sincerely,

The Friday Night NA Meeting
Duluth, MN

Narcotics Anonymous is a global, community-based organization with a multi-lingual and multicultural membership. NA was founded in 1953, and our membership growth was minimal during our initial twenty years as an organization. Since the publication of our Basic Text in 1983, the number of members and meetings has increased dramatically. Today, NA members hold more than 43,900 meetings weekly in 127 countries. We offer recovery from the effects of addiction through working a twelve-step program, including regular attendance at group meetings. The group atmosphere provides help from peers and offers an ongoing support network for addicts who wish to pursue and maintain a drug-free lifestyle.

Our name, Narcotics Anonymous, is not meant to imply a focus on any particular drug; NA's approach makes no distinction between drugs including alcohol. Membership is free, and we have no affiliation with any organizations outside of NA including governments, religions, law enforcement groups, or medical and psychiatric associations. Through all of our service efforts and our cooperation with others seeking to help addicts, we strive to reach a day when every addict in the world has an opportunity to experience our message of recovery in his or her own language and culture.
