Reason: Motion to Rescind Clean Time Requirement Motion

After review of the most recently recorded minutes from the ASC, we have taken note of a discrepancy. In the third paragraph under the section New Business it was written...

"Joel makes a motion that service positions have a minimum of one-year clean time. 2 years for Treasurer and Chair position, and everything else would be 1 year, Brian seconded. All in favor (14) Motion passed. Joel will make the changes in policy".

Mark W. pointed out that on three occasions in the past five years, money has been removed by various chairpersons who went back out and it was never returned. We decided in our group conscious that the Clean Time Requirements as noted in the recent minutes should remain at three years as it stands in the current Policy.

Excerpt from Policy:

Treasurer

a. Qualifications:

- i. A minimum of three years of continuous clean time.
- ii. A minimum of two years of NA service experience.
- iii. The ability to balance an account and keep records.
- iv. Demonstrate personal financial stability.

In Loving Service,

Paul B.

Mark W.
