We Do Recover

When at the end of the road we find that we can no longer function as a human being, either with or without drugs, we all face the same dilemma. What is there left to do? There seems to be this alternative: either go on as best we can to the bitter ends – jails, institutions or death – or find a new way to live.

In years gone by, very few addicts ever had this last choice. Those who are addicted today are more fortunate. For the first time in man's entire history, a simple way has been proving itself in the lives of many addicts. It is available to us all. This is a simple spiritual – not religious – program, known as Narcotics Anonymous.

What is Narcotics Anonymous?

"Narcotics Anonymous is a non-profit fellowship or society of men and women for whom drugs had become a major problem . . . Recovering addicts who meet regularly to help each other stay clean."

Membership is open to any drug addict, regardless of the particular drug or combination of drugs used. There are no social, religious, economic, racial, ethnic, nationality, gender, or class-status membership restrictions.

Narcotics Anonymous believes that one of the keys to its success is the therapeutic value of addicts working with other addicts. In meetings, members share their personal experience with others seeking help. Not as professionals, but simply as people who have been there themselves and have found a solution.

"NA offers addicts a way to live drug-free. If you are not sure you're an addict, don't worry about it; just keep coming to our meetings. You will have all the time you need to make up your own mind."
